Many of you only make sausage once or twice a year and if it turns out that's great, but if not, then you need to change something. You should only change one thing at a time, or you won't know what you changed that you now like. So, you might make some undesirable sausage, or you might say to heck with it over the course of 4-5 years. By taking my classes you will go from zero to hero! This event is by reservation only.
